EDUCATION

NEW YORK UNIVERSITY

Bachelor of Science in Computer Engineering; Cumulative GPA 3.457

Brooklyn, NY

2023-Present

UNIVERSITY OF MASSACHUSETTS AMHERST

Bachelor of Science in Computer Engineering; Cumulative GPA 3.94

Amherst, Massachusetts

2022-2023

PROFESSIONAL EXPERIENCE

MCEASY

Jakarta, Indonesia

Software Development Intern

July 2021 - August 2021

- Improved client internal tracking and business intelligence capabilities by writing code in Python to manipulate the SQL database and allow clients to track their data in a user-friendly format for their internal business intelligence
- Conducted transfer of the company's data from an offline source into an SQL database by manually adjusting data format
- Developed skills within the SQL language and PostgreSQL

EXTRACURRICULAR/LEADERSHIP EXPERIENCE

PERMIAS NYC

Manhattan, New York

Student Affairs Officer

2024 - Present

- Organized events, including a send-off gathering, to support the smooth transition of Indonesian students arriving in NYC
- Managed and maintained a database of Indonesian students in NYC, ensuring accuracy and up-to-date records
- Developed and implemented Python scripts to streamline database management tasks, including creating a Selenium-based web bot to automate the acceptance/rejection process for group chat memberships

NYU BLOCKCHAIN LAB

Manhattan, New York

Eboard Member

2023 - 2024

- Coordinated events to educate NYU students about blockchain technology and explore opportunities in the Web3 space
- Established connections with industry experts, securing guest speakers to provide valuable insights for the club

UMASS AMHERST ISA

Amherst, Massachusetts

Events Coordinator

2022 - 2023

- Coordinated multiple campus events, including welcome and cross-cultural activities
- Actively contributed to leadership meetings, leading discussions and brainstorming sessions for club direction, fundraising initiatives, and event planning

ENGINEERING WITHOUT BORDERS

Amherst, Massachusetts

Kenya Team

2022 - 2023

- Managed documentation from the latest expedition, authoring a detailed and comprehensive report to capture project outcomes and insights
- Organized logistics for community outreach meetings and events, overseeing transportation, catering, supplies, and scheduling to ensure smooth operations

SEKOLAH KITA

Jakarta, Indonesia

Management Team Leader

2021 - 2022

- Won my school's CAS group award of 2022 and passed the project down to a younger cohort to ensure continuity in this project
- Managed a 6-person team in all aspects of our project to support the school to enable children to meet the entrance requirements of standard primary schools (which typically could not be met in impoverished areas)
- Raised funds through an 'adopt-a-child' sponsorship program and multiple bake sales to revamp areas of the school that fell into disrepair, pay electricity at a negotiated lower tariff, pay teacher salaries, pay for school supplies, and pay for new uniforms
- Planned and held a design competition to involve the community in creating the school's logo and raising awareness, resulting in 50+ submissions and a final, visually appealing logo
- Designed, sourced the production of, and donated 20+ school uniforms and hats with a winning logo

HYGO

Jakarta, Indonesia

Founder

2020 - 2021

- Led a 4-person team to create paper soaps using soluble paper to facilitate a fun way for kids to be interested in washing their hands
- Targeted rural and impoverished communities with no access to soap (economically or logistically) to prevent/reduce the high incidents of hygiene-based illnesses and mortalities such as COVID, typhoid, food poisoning, diarrhea, etc
- Raised an initial \$250 for 2400 paper soaps through a bake sale
- Partnered with other organizations to raise \$500 more, allowing program expansion to other villages with 4800 paper soaps

VOLUNTEER EXPERIENCE

NFT.NYC

Manhattan, New York

Volunteer

April 2023

- Assisted in event operations to ensure guest satisfaction, including providing technical support for presentation set up and addressing individual guest needs
- Led guided tours for event attendees and performed security duties, ensuring a safe and welcoming environment
